

# Mark de Oliveira Singh

I am Mark, a Computer Science student at Universidade Veiga de Almeida, focusing on Data Engineering, Artificial Intelligence, and Machine Learning. With knowledge in SQL and Python, I seek to contribute to innovative and challenging projects, using data to solve complex problems and generate value.

## PROFESSIONAL HISTORY

### Icatu Seguros, Rio de Janeiro - Intern

03/2023 - 08/2023

#### My Activities:

- Database maintenance
- Data flow creation
- Database query execution

This internship at Icatu was a significant process of introduction and learning in the data field. I had the opportunity to work with amazing people who taught me a lot about the industry, enriching my understanding and enthusiasm for the area.

## ACADEMIC BACKGROUND

### UVA - Universidade Veiga de Almeida, Rio de Janeiro - *Bacharelado em Computer Science*

02/2022 - 12/2025

#### HackingU:

I participate in my university's study group focused on cybersecurity.

#### Elysium Rocket Team - UVA:

I actively participated in my university's rocket team, assisting in building model rockets and installing electronic components.

## SKILLS AND COMPETENCIES
